Reserve a Motion Date (RMD)

RMD is an On-Line Hearing Reservation System that was created to increase access and service to the public. The system will be available **May 6, 2013** for **Unlimited Civil** cases on our court's public website. RMD will allow parties to go on-line to reserve their upcoming hearing date.

The benefits include...

- A reduction in delay in processing motions due to unavailable hearing dates!
- Increased access to the courts because the website will be available 24 hours a day, 7 days a week!
- Costs savings due to a reduction of amended notices and re-serving motions with updated hearing dates and times!

What to expect...

- An e-mail account is required to make a reservation.
- After you have entered the reservation in RMD, an email will be sent. You must click the confirmation link contained in the email within **30 minutes** from the time the request was received.
- Moving papers must be e-Filed within **24 hours** after completing the on-line reservation.
- The RMD system will be expanded into **Limited Civil** later this Year!
- The use of RMD **will not** extend service or filing deadlines.
